

January 2026

Dear Parent/Carer

Sparx Science Homework

We are excited to inform you that from 8th January, your child will be using Sparx Science to complete their weekly Science homework. Sparx provides highly personalised homework to students, tailored to their individual attainment level and working speed.

Your child's homework, Years 7 to 10, will be set on Thursdays and due on the next Thursday every week. (Year 11 will be Friday to Friday).

Students log in at sparxscience.com by finding their school and entering their username and password. Sparx Science can be accessed on any device that connects to the internet with a web browser.

We understand how important your child's success is to you. Below, you'll find information about Sparx Science, along with practical advice on how you can support them to complete their homework each week.

What is Sparx Science?

- Assigned homework will mostly focus on topics recently covered in class, along with consolidation questions on previously covered topics to embed prior learning.
- Students receive immediate feedback for each question about whether their answer was correct or they need to have another try. They earn rewards via XP for completion and effort.
- Every Sparx Science question has support available, helping your child find the guidance they need on their own. This ensures they always have the tools to succeed.
- Students also have the autonomy to further develop their scientific knowledge if they desire, via the 'Independent Learning' section of the platform.
- Homework will only be marked complete when 100% of the questions are answered correctly.

How can you help your child with their homework?

- Provide a quiet space for your child to focus on their homework, with minimal distractions.
- Encourage your child to start their homework early.
- Please let them attempt questions independently. Sparx Science will automatically adjust the level of questions provided based on your child's answers.
- If your school has parent emails enabled, keep track of your child's progress within their homework by checking the weekly email sent to you from Sparx.
- Find out more about Sparx Science here: sparxscience.com

What support is available at Bohunt Farnborough?

- Homework Club runs Mondays to Thursdays 3.15 pm – 4.00 pm in room CO3.
- If struggling to log on, please see your science teacher or Ms Sikander a few days before it is due to avoid consequences.

If you have any questions, please contact Ms Sikander.

Yours sincerely

Saahira Sikander
Head of Science
